| 00:10      | August<br>Delivery Center Strategy &<br>Operations Associate<br>Manager | At the onset of the pandemic, Accenture helped me feel safe, with its COVID+ home care program. Knowing that I work in a company that cares for its employees, the anxiety of contracting the virus immediately turned into relief.  |
| 00:24      | Dy<br>Human Resource Senior<br>Manager                                  | In Accenture, all employees have access to mental health tools like ‘Thriving Mind’ and ‘Thrive Reset’. It will help all employees to improve their mental resilience.   |
| 00:34      | Anna<br>Technology Services<br>Management Specialist                    | Our mental health programs are consistent, effective, and well thought of. The initiatives make me feel Accenture’s genuine care for us employees.   |
| 00’47      | Ariel<br>Workplace Service Delivery<br>Manager                          | Accenture has allowed me the privilege to be flexible. Working from home in a hybrid setup, I am able to attend to my family’s needs without compromising my deliverables at work.   |
| 00:59      | Charles<br>Business Operations Senior<br>Manager                        | I am extremely grateful to Accenture for giving me my direction in life. I don’t only do the work, but I do it with purpose. And while I perform the job, Accenture gave me the means to support my family’s needs, and my personal wants. So, thank you, Accenture. Truly, the best place to be in. |
